

We Design Collaborative Change that Drives Client Action

www.SGEndeavors.com

At S & G, we help you:

- Design a process that incorporates collaboration across the organization.
- Facilitate a change experience that meaningfully engages all participants.
- Create a structure that drives action and increased buy-in for the future.

“S & G Endeavors is excellent at bringing together communities and organizing ideas to bring about a real action plan. Their consultants communicate with such a broad base of individuals and are able to bring together ideas that exist in silos. Their skill set is truly unique.”

—Diana Rohini LaVigne
Past Executive Director, Bay Area Bicycle Coalition

“I believe that S & G Endeavors’ skills and expertise helped our board achieve a unified understanding of what it means to work together and how to focus our energies toward fulfilling our mission.”

—Mark Guenther
Executive Director, DC GLBT Chamber of Commerce

We meet you where you are

S & G helps our clients with projects that are customized to meet your needs. Whether corporate, nonprofit, or government agency, we work with you to ensure you achieve your outcomes by designing the right change approach to drive action, including:

Meetings Host a project launch meeting between a variety of agencies or partners that creates a unified and collaborative action plan.

Retreats Conduct a department, staff, or board retreat that results in increased teaming and cohesive action.

Short-term Dynamic Sessions Engage your community of stakeholders in a dynamic process to increase ownership and create a strong and actionable strategic plan.

Long-term Change Initiatives Facilitate a series of custom-design workshops to create action that results in long-term change within your organization or the community.
